

Workshops for siblings of children with special needs

Sibshops is a nationally acclaimed program that provides peer support within a recreational environment. It's designed to celebrate contributions made by brothers and sisters of kids with special needs! Each workshop encourages kids to participate in site based activities that encourage sharing, laughter and fun! Kids will have a chance to meet other kids whose brothers and sisters have special needs and talk about the good and not-so-good parts of having a sibling with a disability or medical condition.
