

Special Kids Special Families is seeking foster families with big hearts to open their homes to children in need!

Special Kids Special Families (SKSF) is a Child Placement agency serving the Denver and Colorado Springs areas. SKSF is currently seeking families with big hearts who are willing to make a commitment to providing a home to care for a child or children of all ages. SKSF facilitates all types of foster care placements and has a special emphasis on providing services for individuals with disabilities. There is currently a high need for therapeutic foster parents able to take adolescents into their home.

"They opened our eyes to the realities of children and family needs that were involved with fostering....Our family is so thankful for Special Kids Special Families and their staff. We have grown not only in the size of our family but in our capacity to love... beyond a level that we knew was even possible..."

Jason and Sheila Williams
