National Awareness Months

As Special Kids Special Families (SKSF) embraces and shares May Awareness Months, we recognize the importance in bringing attention to Mental Health Awareness Month and National Foster Care Month.

During Mental Health Awareness Month, we recognize that when faced with a mental health concern, it’s common to feel like no one understands what you’re going through. But many people overcome the mental health challenges they face. You are not alone! Help is out there, and recovery is possible. SKSF offers Behavioral Health services that include counseling and specialized therapy to change behaviors, thoughts, emotions and how people see and understand situations. Our behavioral health team will consider your physical, behavioral and emotional aspects of your health and help determine a course of action that is best for you. Contact us at 719-447-8983 x11 or visit our website for more information.

Each May, during National Foster Care Month, SKSF highlights families and recognizes the importance of kinship and keeping families strong. Throughout this month’s E-News, we’ll share with you several media opportunities we’ve had to help raise awareness of the need for foster families in our community.

DI Did YOU GNOW?

♦ There are over 407,000 children and youth in foster care, and 34 percent were placed with relatives or kin.
♦ Of all children and youth waiting for adoption, 25 percent were placed with relatives.
♦ Relational permanency is fundamental to the well-being of children and youth. Maintaining relationships with relatives and kin can help provide a sense of belonging for young people in care.
Program News:

Zach’s Place at the Laurie Hillyard Family Center

In our Adult Services Building Connections program, we are learning about guest speakers & how to research and ask meaningful questions. Recently, Jon Karroll, SKSF Development & Communications Manager talked to the group about what it was like being a newscaster for so many years. The clients had thoughtful questions to ask and enjoyed listening to Jon’s stories. Jon says, “I truly enjoyed the opportunity to speak to our ‘Building Connections’ clients about my long career in broadcasting before coming to SKSF. They were very attentive and had prepared thoughtful questions ranging from how I got my start in TV news, to whether I got nervous on air, to what were the best and hardest parts about the job. I think the experience benefited me as much as it did them. The SKSF Adult Services staff has done a tremendous job of creating a fun and interesting way of engaging clients with the community.”

Kayla Carey is always positive and enthusiastic when working with clients. She brings a sense of humor that is always welcome, has a willingness to work with all of our clients regardless of their needs, and is always open to challenges. She sees potential in all individuals and allows them to always be themselves. Thanks Kayla for your hard work & dedication to SKSF and the individuals we serve!

In addition, Mr. Bruce Nygren with the donations made by Rocky Top Resources, Inc. worked hard beautifying the front yard of the center. We appreciate all the hard work that our volunteers give! The center looks AMAZING!
