Zach's Place

Special Kids Special Families

Gather Your Recyclables!

You can help raise funds for Zach's Place by gathering your recyclables!

Easy items to recycle are - aluminum cans, steel cans (like soup, beans, tuna, etc..) and if you're in the construction or automotive trade - how about recycling those wires, valves, rims or radiators??

Bring your items to Koscove Metal and donate the proceeds to SKSF. All proceeds will benefit Zach's Place to help support children with developmental disabilities and special needs.

Materials Accepted

COPPER

Bare/insulated wire
Copper pipe
Radiators
Electric motors
Transformers
Breakage

PRECIOUS METALS

Gold
Silver
Catalytic convertors
